

Dear Parents,

The enrichment programme for September have been finalised and I am writing to you to let you know about the various activities on offer. There are two ways in which you can find out about the activities. One option works well on a laptop or desktop computer, whilst the other is better suited to a mobile phone.

## Using the mobile-optimised website

Open the webpage

<https://enrichment.longridgetowers.com/information/>

You should see a screen similar to:

The screenshot shows a mobile-optimized website for Longridge Towers School. At the top, the school's name and 'Enrichment Activities' are displayed in a blue header. Below this, a white box prompts the user to 'Please select an age group and then a day to view the activities:'. A blue navigation bar contains buttons for 'Select age', 'Monday', 'Tuesday', 'Wednesday', 'Thursday', and 'Friday'. Below the navigation bar, another white box prompts the user to 'Please click on an activity to read more:'. The main content area, titled 'Evening Activities', lists several activities in a blue list: Chess club - (F1 - U6), Duke of Edinburgh Award Scheme - (F3 - F), Eco Schools - (J3 - J6), Football - (F1 - F3), Hockey - (F3 - F4), and Home House Ensemble / Band - (F1 - U6).

As you can see, this displays all of the various activities. You will probably prefer to find out about the activities which are specifically available to your children. To filter the information, please click on "Select age" and select the most appropriate age group:

For example, if your child is in J3, J4, J5 or J6, then you should select "Stobo".

You should notice that the page will refresh:

Simply scrolling the screen up and down should list all of the activities for a particular day.

If you would like to read more about a particular activity, just click on it:

If you have finished, just click the  at the top right-hand side of the page.

You may wish to make a note of any activity which appeals. As you will appreciate, many of the activities are very popular, so I would recommend that you consider a first and a reserve choice for each day.

You can cycle through the days by clicking on each.

## Using the Laptop / Desktop static website pages

If your child is in Reception or J1 or J2, please click on this link:

<https://enrichment.longridgetowers.com/information/jerningham.php>

If your child is in J3, J4, J5 or J6, please click on this link:

<https://enrichment.longridgetowers.com/information/stobo.php>

If your child is in the senior school please click on this link:

<https://enrichment.longridgetowers.com/information/senior.php>

In all cases, you will receive a page similar to:

### Welcome to the Stobo Enrichment Programme

Please read the information about enrichment carefully as it contains all the details regarding the individual enrichments running during the next term.

All activities are free of charge unless otherwise stated.

Parents will receive a special email on the which enables choices to be made.

Sarah Maddock  
Head of Junior Department  
Longridge Towers School  
Benwick-Upon-Tweed

Tel: 01289 307 584  
Fax: 01289 302 581

Please note that this page is best viewed on a laptop / desktop computer, rather than a phone.  
There is a mobile optimised version available [here](#).

#### Monday

Activity	Description	Time	Ages
Eco Schools	The Eco-Schools Programme is pupil-led; involves hands-on, real-world learning and gets the whole school and the wider community involved in exciting environmental projects. There are nine Eco-Schools topics to look at; each distinct and broad enough to allow pupils to run projects that they are passionate about. An Eco-committee is developed to choose projects. Awards can be gained and to get our first Eco-Schools Green Flag you will need to demonstrate that we are doing three different pieces of project work, covering three of the different Eco-Schools topics below: Biodiversity, Energy, Litter, Waste, Water, School Grounds, Healthy Living, Transport and Global Citizenship.	Evening	J3 - J6
Junior 4 p.m. Pickup (Monday)	Please select this option if you do not wish to take part in an enrichment activity but would prefer to go home.	Evening	J3 - J6
Junior Homework (Monday)	Get support with your homework activities and Learning Logs and go home with time to relax or attend a favourite out of school activity safe in the knowledge that your homework has been completed.	Evening	J3 - J6
Lego Robotics Challenge	Do you enjoy building things using Lego? Do you enjoy problem solving? If so, please consider joining this club. We have entered an international competition to design, build and program a robot. The robot will have to move around a table and complete a number of challenges. The regional final is on the 10th of December 2019 at the Nissan factory, in Sunderland.	Evening	J6 - F4
Monday 15:15 Pickup (Jerningham)	Please select this option if you will be picking up your child at 15:15 from the Jerningham building.	Evening	J1 - J2
Monday 16:00 Pickup (Jerningham)	Please select this option if you will be picking up your child at 16:00 from the Jerningham building.	Evening	J1 - J2
Recorder Club	Have fun learning to play the recorder from the beginning - no previous knowledge of the recorder or music is needed. Gradually learn to play some old favourite tunes and some new ones too. Children attending this enrichment will need a descant recorder such as the 'Aulos 103N' 'Alouette' Descant Recorder' available on Amazon.	Evening	J3 - J6

This contains all of the same information as the mobile version, in a more basic tabular format.

## Making a selection

I hope that you find this information useful. To allow everyone time to read about the activities in an unhurried fashion, I have not included information about making a selection at

this stage. I shall be writing to you again on the 7th of August with details of how to select specific activities.

Thank you for taking time to read this. I hope you find it helpful. If you have any problems, please do not hesitate to contact me.

Andy Westthorp
