EYFS Before and After School Care

Longridge Towers School does not offer before school care. The school day begins at 08.45 and children may arrive at any time from 08.30.

After school care runs from 15.00 until 16.45 in the form of two enrichment sessions. Please see our School Enrichment Procedures document which outlines the activities on offer each evening.

The number of children staying for enrichment varies each evening. There are two members of staff on duty each session with a third member of staff on call in the Junior Department, who is available if needed.
